

WHO WE ARE

Middle East Product Export also known as “MEPE” is a private company founded in Iran in 1950s by Mohammad Ali Farshchian. This family owned company has been in Farshchian family through generations; the trust, integrity and innovation among the leaders of this company built a foundation for series of achievements which today we are significantly proud to be one of the major dried fruits producers in the region while a pioneer and a leader in the dried fruits trading industry in Iran for more than seven decades.

Reputation, Quality and Innovation is what we use to connect our lands to you heart. MEPE has been perfected over generations and we’ve been at the forefront of Dried fruits innovation for more than 70 years. Having a well experienced team through years has allowed MEPE to source and supply a wide range of dried fruits for manufacturers, traders and retailers around the globe; while prioritising our customer satisfaction based on their needs. We value quality as our legacy; We aspire clients with sustainable superior quality and safety by offering the best price compared to rivals. As a passionate team we look for solutions to overcome clients’ needs while entrepreneurially diversify our business. Through years we have been a pioneer in introducing solutions for turning the unsustainable farming methods caused by large number of small-scale farms and old-fashioned trading schemes in Iran into modernized and sustainable methods.

WHAT WE DO

With 4 most advanced processing facilities located in Kerman, Khuzestan, Qazvin and Tehran; MEPE has access to the most recognized relative agricultural lands of the country. These include; Kerman, Khorasan Razavi, South Khorasan, Yazd, East and West Azerbaijan, Hamadan, Hormozgan, Bushehr, Fars and Khuzestan. Where Pistachios, kernels, Raisins, and Dates are cleaned, sorted and packed as per customers required specifications and ready for shipment.

Each of our processing plants is supervised under restricted quality control policies to ensure a consistent quality and service to meet customer requirements.

Pistachios Specification				
Grades	Superior Grade	Excellent Grade	Grade1	Grade2
Shell Defects (%) (Allowable tolerances by weight)				
Closed shell and blanks	1	2	3	5
Blanks	0.5	0.75	0.75	1
Adhering hull	0.5	0.75	1	1,25
Stained shell	1	1.5	4	5
Deformity (incl. opened from bottom)	1	2	3	5
Slightly open in-shell	5	10	18	25
Total shell defects	7	13	22	28
Kernel Defects (%) (Allowable tolerances by weight)				
Loose kernels	1	2	2.5	3
Pest damage	3	4	5	5
Obvious pest damage	1	2	3	3
Total kernel defects	3	4	5	6
Other Defects (%) (Allowable tolerances by weight)				
Foreign material ¹	0	0.3	0.4	0.6
Foreign material excluding shells	0.2	0.2	0.25	0.25
Non-uniformity of variety ²	1	2	3	4
Non-uniformity of size ³	1.5	1.6	1.8	2
Maximum Moisture Content	<5	<5	<5	<5

1.

Foreign material: Glass, metal and live insects are prohibited. Acceptable foreign materials are pistachio related debris such as hull, stems, shells and sand.

2.

Non-uniformity of variety: The percentage of round pistachios in a sample of long pistachios or vice versa.

3.

Non-uniformity of Size: Ratio of the total weight of the 10 largest nuts in a sample of 100 nuts to the weight of the smallest 10.

Variety: Iranian pistachios are categorized into two categories according to their shape: long pistachios, where the ratio of the length to the largest diameter is more than 1.52; and round pistachios, where the ratio of the length to the largest diameter is less than 1.52.
